

Register now for SolidCAM UK's next "**Live Cutting Seminar**"; which will be held at our Technology Centre based in Barnsley on:

<< THURSDAY 1ST DECEMBER @ 09:00AM GMT >>

Join us for this practical 'Shopfloor' environment event, where you will learn and fully experience the benefits of SolidCAM including; our Patented **iMachining** Technology, which provides the fastest metal removal rates in the industry, and our powerful **Simultaneous 5 Axis Machining** technology, as well as our best-in-class advanced Mill-Turn and **Sliding Head** (Swiss-Type) Solutions, so that you can get the most out of your high-end multi-tasking CNC machines, while working with industry leading partners, for a Total Manufacturing Solution through innovation. Learn how SolidCAM UK and partners can improve the efficiency and productivity of your own workshop!

NETWORKING OPPORTUNITIES: With SolidCAM UK & Technology Partners

LIVE CUTTING DEMONSTRATIONS: On our **Star ST-20** from **Star Micronics GB** & **Mazak CV5-500** from **Yamazaki Mazak UK**.

BACON BUTTIES & LUNCH WILL BE PROVIDED.
